---

Hello! My name is  
Denver and I am a  
scuba diver.

Scuba divers explore  
the ocean to meet sea  
friends!

**Dive with me!  
and meet our sea  
friends!**

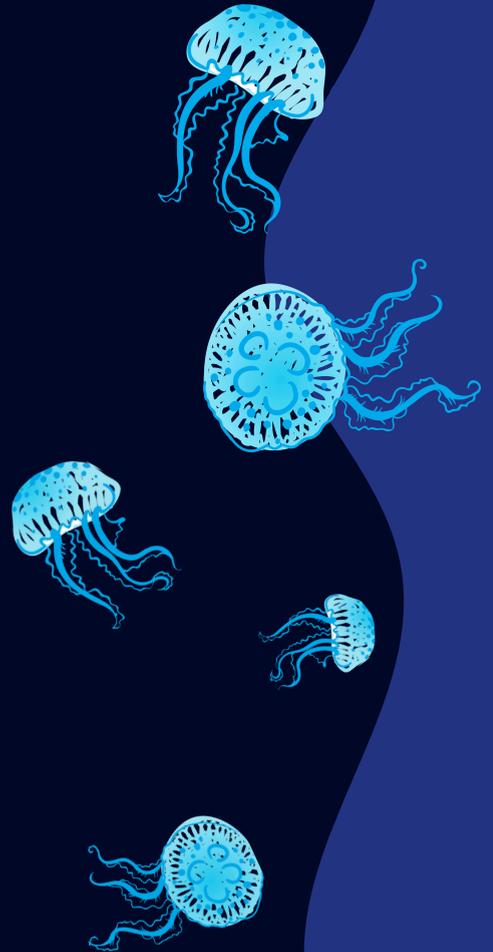

Let's meet first the  
seahorses.

These seahorses do not  
neigh. They are small but  
their appetite is big!

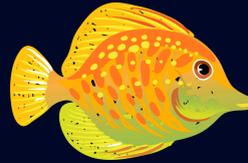

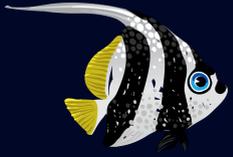

**Meet the jellyfish.  
They look gentle, but be careful!  
Some of them might be dangerous!**

**Do you know that our friend octopus here has three hearts? Let's express some love to our amazing friend!**

Coral fishes too are fun to be  
around!

Let's not forget to  
say hello to our coral  
and sea plant  
friends!

Thank you for the  
company. Bye!
